# HACKATHON 2k21: JURY GUIDELINES

**Note - There are three different problem statements (one for each theme). Also, the date and timings mentioned are only for s=judges and not for participants.**

## Round 1 Evaluation(21-06-2021 00:00 HRS IST to 23-06-2021 18:00 HRS IST):

- In Round 1, the participants will submit their solution approach to the given problem statement in the provided format. They will also be required to list their features.
- The participants are given only 3 days to think upon the problem statement, so the evaluation should be made accordingly.
- As a jury member, you will be provided with an excel sheet, where team name and submission link of the team name will be provided.
- Once you open the link you will be directed to submission of a particular team. There you will find a brief description of idea. For detailed description, there will be a google document attached in the links section.
- You will be expected to follow the given evaluation criteria (in next section) and judge the teams so that certain number of top teams are selected for Round 2 which will be a 50 hours hackathon.
- You will be required to give 2-3 hours each day from 21 to 23 June.

## Evaluation Criteria:-

**Note:- There is 1 point for each of the following criteria. You as a jury member will be expected to give marks for each criteria on the scale of 0 to 1 with the precision of 0.1.**

1. **Innovation**: How innovative the solution approach is?
2. **Credibility**: How convincing the solution approach is? If the participant is called for Round 2, will he be able to make the same in 50 hours?
3. **Sustainability**: If the solution was put into a product, will it harm the environment in any possible way?
4. **Cost-Efficient**: If the solution was to put into a product, will be cost-effective?
5. How much structured the document is according to given format?

## Round 2 (26-06-2021 to 27-06-2021):-

In this round, certain participants who clear round 1 will be given 50 hours to build their hack. From the point of view of judges/ mentors, the hackathon will be divided into 2 evaluations:-

1. Mid evaluation (26-06-2021): Judges/mentors will join the meet with a particular team/individual where the judges/mentors will be briefed about the progress the team/individual has made over the past 24 hours. This will take around 4 hours in total for all the teams.

2.  Final evaluation (27-06-2021): Judges/ mentors will finally evaluate the hacks and decide the winners. This will also take unto 4 hours in total.
